Tips To Beat Summer Burglars

West Yorkshire Police are reminding everyone that summer can see a rise in opportunist burglaries. Their latest tips to help keep your home secure include checking your doors and windows meet minimum safety standards (PAS 24); consider installing dawn till dusk internal and external lighting; use a doorbell camera or other CCTV and use any signage that comes with it. Consider fitting a front door chime that sounds when it gets opened. Keep valuable in your home out of sight of passers-by. Double check windows and doors are locked when you go out – it's all too easy to forget a patio door or ground floor window that's been left open.
