## **NEWS DECEMBER 2025**

### **New opening days & times at Calderdale Recycling Centres**

Calderdale Council have changed to Winter opening times for their recycling centres. Brighouse and Sowerby Bridge are now closed on Mondays and Tuesdays. Halifax is closed on Wednesdays and Elland and Todmorden are closed on Thursdays and Fridays. Most centres now close at 4pm.

### **Police offer new Scam Text advice**

West Yorkshire Police have had a number of reports that people have been receiving suspicious text messages often reading: "Hi Dad/Mum, this is my new number". Their advice is to treat these messages as junk on your phone and report the number to 101 or crime stoppers so more fraud can be stopped. Messages around the Winter Fuel Allowance are also circulating and should be reported as fraud. All fuel payments are made direct to your bank without the need for you to confirm any details.

### **New film highlights The Calderdale Way & short, easy walks nearby**

A new film from Visit Calderdale offers insight into the beautiful scenery that can be found along the route of the Calderdale Way and new information boards are now in place across our region including at local railway stations, Withens Clough Reservoir and Jerusalem Farm Car Parks and The Last Post Ripponden. The boards show linked shorter walks and the film can be viewed on our website.

### **Blue Badges: A guide to who can apply for one**

On our website we have published a detailed guide on eligibility for a Blue Badge. In summary if you are registered blind, receive either the higher component of the disability living allowance related to mobility or one of the Personal Independence Payments also relating to mobility then you will be eligible. If you have a health condition or life-limiting illness that now causes difficulty walking or using your arms (to operate payment machines) then you may also be eligible. Full details are on our website.

### **Preventing tea-time burglaries**

Local Police have seen an increase in the number of burglaries taking place in the early evening when homes are still in darkness. Most tea-time burglaries occur between 5pm and 10pm with thieves often knocking first to see if anyone is home. They can be in and out in under 10 minutes with entry usually made through unlocked doors, open windows, or by forcing a rear or side door/window. Advice from the police includes being careful when answering the door to an unexpected evening caller, making sure all windows and doors are locked securely, installing security cameras and using timers for lights and electronic devices to give the appearance of the house being occupied.

### **Report: Tackling hoarding**

A new report from the Centre for Ageing Better shows how local authorities and organisations are finding ways to support residents who need to declutter or clear their homes. In the UK, it is widely estimated that the percentage of people who hoard at a clinically significant level is between 2% and 5% (approx. 1.4 million people). The negative impact of a home that is made unsafe by clutter and hoarded possessions can be greater for people as they age and may be already at a higher risk of falls or injury. You can read the full report including recommendations on dealing with clutter on our website or contact the Centre for Ageing Better on 020 3829 0113 or email [info@ageing-better.org.uk](mailto:info@ageing-better.org.uk)
